# STUDIO MOLISE EAST

GUGLIONESI (CB) ITALIA

PANORAMIC ADRIATIC SEA COAST

HISTORIC HILLTOP COMMUNITY

EST. 500 B.C.E.

FILM

# BENVENUTO IN MOLISE! WELCOME TO MOLISE!

Located a short distance of 2.5 hours due east of Rome, Italy, Studio Molise East is a 5-year plan to develop state-of-the-art film studios and exclusive homes and communities in Central Italy.

Come see for yourself, the magnificent and romantic Micro-Region of Molise -- the progressive, Eco-Green, Mountainous Mediterranean Seaside Enclave of Molise. Please read our Private Placement Memorandum for more information (upon request).

**Qualified Investors Only.**

FILM

Central Italy's Marvelous Molise Region has some of the best beaches in Europe, alongside breathtaking snowcapped mountains with ski slopes and resorts. Modern highways, high-velocity trains, bridges, well-maintained infrastructure, tidy towns and villages with universities - a creative, educated workforce, fiber-optic internet and cellular services, a leader in "green" energy and conscientious "green" tourism - Italy's incomparable artistic innovation and quality of life -- What's not to like?

# MARVELOUS MAGICAL MOLISE

Located 2.5 hours due east of Rome, Italy, Studio Molise East, is accessible to Italy's Ultra-modern Cruise Ship Ports and Airports, High Speed Trains, Commuter Lines and Autostrada Highways system, that further connect Molise to nearby airports in Rome, Naples, Pescara and Bari.

World-famous Molise Cinema Film Festival is the exclusive annual boutique film industry event in the fairy-tale hilltop town of Casacalenda, Molise.

Pictured above: Lake Matese is located in the province of Caserta, at the foot of the Matese mountain massif, the latter divided into two regions, Campania and Molise, and four provinces: Caserta, Benevento, Isernia and Campobasso.

FILM

Central Italy's Marvelous Molise Region's varied geography and climate compares to San Diego, Los Angeles and Malibu, California: From pristine Adriatic Sea Coastal beaches with classic varieties of grape vineyards, figs, dates and olives, palm trees and citrus groves to nearby Matese Mountain Ski Slopes, gently rolling hills, apple orchards, desert plains, lush wetlands, snow-capped peaks and virgin oak forests . .

# OUR VISION & MISSION

FILM

# OUR VISION & MISSION

GUGLIONESI:

“LA STELLA DI MOLISE”  
(GUGLIONESI: THE STAR OF MOLISE)

## MOLISE REGIONAL ECONOMIC DEVELOPMENT:

INTERNATIONAL INWARD INVESTMENT  
HIGH-PAYING JOBS / NEW BUSINESS START-UPS  
ECOLOGICAL GREEN INDUSTRY / ECO-TOURISM  
PRESTIGIOUS DESTINATION FILM TOURISM  
CONSTRUCTION & REAL ESTATE EXPANSION  
YOUTH & TALENT “BRAIN-DRAIN” REVERSAL  
PROTECTION OF HISTORIC PATRIMONY

# OUR STUDIO

The facility is a collaboration with media advisors Venture Guide LLC (Miami), US-based specialists in the management of virtual production construction, led by Project Manager Dr. Mark Woods. Studio Molise East, a (proposed) government and industry-backed collaboration of organisations that aims to promote the growth of Central Italy's media industries:

- Proposed Collaborators: GMTW LLC (Miami), Monarch Global Productions (Port St. Lucie), Peacock Film Finance - London, Dreamfilms - Germany, and the Region of Molise, the Comune of Guglionesi, Italy for Movies, Italian Film Commissions, MiC / Cinema e Audivisivo.
- Guglionesi-based Studio Molise East will take over the lease of the proposed studios that will host the virtual production hub in 2025 from Venture Guide LLC and the coalition partners. Additional soundstages and production centers will be built in Isernia and Casalenda in 2025 and 2026.

# FILM

# OUR STUDIO (CONT'D)

In addition to hosting feature film and high-end television projects from across the Italy, Europe, the United Kingdom, the USA and internationally, the facility will comprise a virtual production research and training academy in collaboration with the Università degli studi del Molise, to help the ongoing development of the region into a global hub for media innovation, with a key focus on emergent and green technologies.

Molise Studio East aims to support all aspects of virtual and physical production, including a range of LED volumes, a type of set design based on the use of LED panels.

Finally, Molise Studio East, in cooperation with film and television academies and universities across Italy, will sponsor a recurring apprenticeship program to train Italian graduates, seeking to begin their career in Film & Television.

FILM

“Guglionesi, Casacalenda, Campobasso, Isernia -- all geographically close to Rome, but smaller and user-friendly -- these amazingly beautiful, historic, hilltop towns boast High-Speed Internet and low expenses / low overhead, nearby research universities, low crime, superior public schools, pristine ecology and environment, lowest cost-of-living in Italy, but bursting with culture, history and creativity . . .

Coupled with new construction of mountaintop chalets, Mediterranean seaside villas and luxury homes -- to affordable housing and offices - it's the perfect place to build competitive, globally-connected, cost-effective, boutique film and television micro-studios with state-of-the-art LED post-production powerhouses.”

# GUGLIONESI 2025

## STUDIO CITY APARTMENTS EXCLUSIVE LUXURY HOMES PRODUCTION OFFICE SUITES

Studio Molise East will collaborate with established, local construction companies and real estate agencies in Guglionesi, Casacalenda-Campobasso and Isernia to:

- Renovate and Restore Historic Center Homes
- Build Affordable Housing for Studio Employees
- Develop New Apartments & Guest Accomodations
- Build Luxury Villas & Single-Family Homes
- Develop and Build Industrial & Production Offices + Labs
- Repurpose Existing Buildings and Infrastructure
- Improve Landscaping, Lighted Walkways, etc.
